### I DON'T have a CollegeInvest account yet. Can I use my refund to open one?

Of course! You can enroll online within minutes at [collegeinvest.org](http://collegeinvest.org). We suggest you complete this step and acquire your Account Number before completing your tax return.

Simply select a plan (**DIRECT PORTFOLIO**, **SMART CHOICE** or **STABLE VALUE PLUS**) and complete the enrollment form as instructed. Make sure you write your Account Number down. (If you'd like to open a **SCHOLARS CHOICE** account, please contact your financial advisor.)

For your Initial Contribution, you now have two options. You can make a direct contribution yourself when opening the new account, or you can use your state refund. If you're planning to use your state refund, choose the option during enrollment that indicates you'll be mailing a check. (Although you won't actually need to send one.)  
*Now you're ready to file your taxes, carefully follow the instructions provided on the front of this page for your particular plan.*
