

First Step Program by CollegeInvest

Terms & Conditions for 2025

General:

The First Step Program by CollegeInvest provides a contribution to the CollegeInvest account of a Beneficiary born or adopted in the State of Colorado on or after January 1, 2020. If you do not have a CollegeInvest account, you must open one prior to your application.

The Account Owner must meet certain eligibility criteria as outlined in these Terms and Conditions.

No more than one application per Beneficiary will be accepted for a First Step contribution. Account Owners must submit separate applications for multiple Beneficiaries.

First Step awards in the calendar year of 2025 will be \$118 per Beneficiary. Thereafter, the rate will be adjusted periodically based on the cost-of-living adjustment.

CollegeInvest currently offers two (2) Special Program to help families save for their higher education goals. A beneficiary may only participate in one (1) Special Program.

1) The First Step Program provides a \$118 starter contribution. For parents and legal Guardians who claim that award, we offer a match on a portion of future contributions. First Step is designed for children born and/or adopted in Colorado starting in 2020.

2) The Matching Grant Program is a different program than First Step. The Matching Grant Program is geared toward children born outside of Colorado but live here now. Also, it is mainly for children born in 2019 or before. Please review the Matching Grant Program Terms and Conditions for more details.

Matching Incentive for Parents/Legal Guardians:

Offering more opportunities for Colorado families to save for higher education, CollegeInvest will also match a portion of future contributions made by the parent or legal Guardian. Participants who received their \$118 First Step award between January 1, 2025 and December 31, 2025 will receive a dollar-for-dollar match of their contributions up to \$500 per year for five (5) consecutive years. If the participant contributes less than \$500 during their enrollment year, the match will start on the following calendar year. This matching incentive is only available for parents or legal Guardians of the beneficiary.

Eligible contributions are contributions made only by the parent or legal Guardian during the contribution period. Upromise, Ugift, employer, rollovers from another 529 account, promotions, including but not limited to the initial First Step award, and other non-account owner contributions do not qualify. The contribution period is for a calendar year from January 1 through December 31 annually. The matching funds will be awarded the following year by May 1. Awards will be deposited into the Account Owner's CollegeInvest account as a scholarship. Contributions made by the Account Owner are tax deductible, but the matching funds are not tax deductible.
